ASLI Interpreting Solutions Ranks as a Global Interpreting Leader

Tampa, October 5, 2021: ASLI Interpreting Solutions has been ranked as a global interpreting leader by research firm Nimdzi Insights. The companies listed in the report are ranked by revenue and cover sectors including healthcare, business, government, legal, life sciences, financial, education, and others.

The ranking and the report (being published later this year) are the result of hundreds of hours of analysis and present information that has been previously unavailable about a significant niche of the language services industry.

This is the first time in its history ASLI has made the list.

“We’re proud and excited to be named as one of the top 35 interpreting services companies in the world – and only one of 18 in the U.S.,” said Angela Piteris, COO of New Language Partners. “Our interpreters, along with our operations team, who’ve all been successful in pivoting during the pandemic, have made this possible for ASLI. We’re grateful for their resolve and drive and we look forward to climbing the ranking ladder in the coming years.””

About ASLI Interpreting Services

ASLI Interpreting Solutions was founded in 1987 by Frederic Jondreau, as the first privately-owned ASL school in New York. It is the merger of American Sign Language Inc., Divas Interpretations, Clear Messaging Interpreting Services, and the interpreting services of Alliance Business Solutions, creating one of the leading interpreter companies for spoken word and ASL in the United States, with a strong presence in New York, New Jersey, Maryland, Delaware, North Carolina, and Washington State. ASLI Interpreting Solutions is a New Language Partner and alongside TB Alliance, provides sign language, spoken word and document translation services.
